

PITTSBURGH

Located in the rich history of the rail and material handling industries, Pittsburgh (Ambridge) is home to one of O'Neal Manufacturing Services' (OMS) largest facilities with over 200,000 sq. feet of manufacturing space. The Pittsburgh plant is a multi-step fabrication plant heavily focused on 2nd and 3rd step processing capabilities to support your business with long-term, strategic outsourcing projects. The plant contains the largest forming and machining equipment at any of the OMS plants.

With a base package of equipment and a knowledgeable, experienced staff to support the manufacturing of steel fabrications and subassemblies, Pittsburgh is deeply integrated in the aerial lift, crane and rail industries. The Pittsburgh fabrication plant is ISO 9001: 2008 certified and PA Bulletin 15 approved.
