O'Neal Manufacturing Services is a trusted supplier of fabricated metal components and welded assemblies. We deliver high-volume, quality-approved metal products, ensuring you have the inventory needed to maintain your production schedules. Whether driven by increased production capacity, condensed launch-to-market schedules, or shelter from supply chain risks, our business model offers strategic, long-term benefits to original equipment manufacturers.

SPECIALIZED FABRICATION SERVICES

O'NEAL MANUFACTURING SERVICES

AN ONI COMPANY

Let's Build Things®

LOCATIONS

By design, all OMS plant locations are in, or near, major manufacturing hubs, allowing single-day travel to coordinate project development, and/or face-to-face meetings. Each facility is supported by knowledgeable staff who provide comprehensive manufacturing solutions strategically aligned to our customers.
